Description

Create your own unique shopping bag with our new Tote bag! Made of RPET polyester, which is soft and silky. RPET polyester makes our grocery bag more lightweight. With sublimation to highlight your design. Our reusable shopping bags can be easily folded into the attached pocket-size pouch, so you can carry foldable reusable grocery bags in your purse or car without taking up too much space. They still have a good full colour print area and it's another way to get rid of plastic bags, when people reuse ones like this to carry their purchases.
