Description

Bamboo toothbrush which is available in both adult and kids sizes. The handle is manufactured from bamboo, a natural alternative to plastic toothbrushes which laser engraves to a natural etch. It has medium hardness nylon bristles which are BPA-free and the toothbrush is presented in an unbleached cardboard box with product information on the back. Bamboo is a natural material and because the plant is fast growing, it places less demands on natural resources and produces a material that is durable and versatile. Bamboo can also produce unavoidable variances in the grain pattern, colour and branding.
