Description

The RPET Zig Zag Microfibre Lens Cloth is an everyday essential designed to keep screens and lenses clean—while making a better choice for the planet. Made from RPET, a fabric created using recycled PET materials, it offers excellent oil and moisture absorption without compromising on performance. The cloth is fully customisable with vibrant, full colour branding on one side, giving your logo strong visibility on a practical, reusable item. Each cloth is presented in a recyclable black cardboard pouch, creating a neat and retail-style presentation. The back of the pouch highlights the sustainability of both the cloth and its packaging, reinforcing your brand’s environmentally responsible message. Material: Lens Cloth: RPET, Pouch: Cardboard
