Description

The Foldable Paper Fan is a lightweight and practical promotional accessory designed for events, outdoor activities, festivals, and branded campaigns. Constructed with an eco-friendly bamboo frame and ribbing, it combines a natural appearance with a durable paper fan surface. The coloured paper is made to withstand regular opening, closing, and handling, while the generous decoration area provides excellent visibility for logos, company information, artwork, and promotional messages. Branding can be applied with either single-sided or double-sided printing, providing flexibility to create a customised fan that complements your campaign or brand identity.
