DIY Acrylic Phone Stand

Description

Clear acrylic with a large flat face — the branding is the product here, not an afterthought stamped on the side. Full-colour graphics read clearly against the clear material, and at 180 x 155mm there’s real room for a campaign message rather than just a logo. Holds a phone in portrait or landscape, so it covers video calls, watching content, presentations and everyday desk use. Ships flat at 3mm and assembles in seconds, which keeps freight and postage costs down on volume runs — worth knowing for anything going out in the mail. Good fit for offices, welcome packs, trade shows, tech clients and campaigns where the artwork is doing the selling.
