Description

The Crescent Illuminating Wireless Charger is a round bamboo charging pad that does something most wireless chargers do not. A backlit display panel on the surface illuminates your logo the moment it is plugged into a power source, turning a functional desk accessory into a constant branded presence. Supporting up to 15W, Fast Charge capable wireless output, it is compatible with a wide range of devices and keeps pace with fast charging capable phones. The natural bamboo and PC construction gives it a clean, premium feel on any desk. A 30cm black Type C to Type C cable is included, and the charger arrives in a gift box with a window that showcases the illuminated logo, making it as impressive to receive as it is to use. Please note: to achieve the maximum 15W, Fast Charge capable charging speed, the device being charged must support wireless fast charging at that wattage. Actual charging speed will vary depending on the device. Material: Bamboo, PC
