Description

Small but mighty. The Custom Box with Locking Lid in 125 x 170 x 65mm is built for single item gifts and the little extras that lift a kit, think power banks, keyrings or a candle. The locking lid holds itself shut with a secure ear-lock closure, so there is no tape or glue in sight and nothing to fuss over at the packing bench. Made in Australia from 1.5mm corrugated cardboard, it is sturdy enough to protect what is inside and smart enough to sit on a desk afterwards. It comes flat-packed and undecorated in white media as standard, so it stores flat until your customer needs it, then locks together in seconds. Add full colour print to the outside, the inside, or both, edge to edge if the design calls for it, have it supplied assembled, add shred in box, or have us pack our products from your order straight in, all available at an additional cost. Material: Cardboard
