Description

The Hudson Bluetooth Speaker delivers 10W of clear, room-filling sound in a compact package. The soft feel plastic finish gives it a quality feel in the hand, while the RGB lighting adds a colourful ambient glow that can be switched on or off to suit the moment. Bluetooth 5.4 keeps the connection reliable and responsive, and chimes signal each mode and feature change rather than a spoken voice, keeping things clean and unobtrusive. The 1800mAh rechargeable battery provides hours of listening, and the handy carry handle makes it easy to move from room to room or take on the go. Comes in a kraft tuck box with a product line drawing, charging cable, and instructions included. Material: ABS, Steel Mesh Grill
