Description

Wireless 5W phone charger with a trendy natural bamboo finish and a non-marking base. It will charge devices that are enabled for wireless charging and will work with most modern phones. Simply plug it into any USB port or a mains adapter and place a compatible device on it for convenient wireless charging. The charger is presented in a black gift box with a Micro-B USB cable and an instruction leaflet. Bamboo is a natural material which produces unavoidable variances in the grain pattern, colour and branding. Please note that some phone cases may affect the wireless charging connection. The wireless charger will work at the optimum power level when used with a 5V/2.4A mains adaptor. Using a PC/laptop USB output to power the wireless charger may lead to slow charging, or not charging at all. Other factors like, positioning on the charging surface and the type of case used may also impact wireless charging. Bamboo is a natural material and because the plant is fast growing, it places less demands on natural resources and produces a material that is durable and versatile. Bamboo can also produce unavoidable variances in the grain pattern, colour and branding.

Details

Packaging

Individual Black Gift Box.

Item Size

Charger: Dia 99mm x H 9mm Gift Box: L 105mm x W 105mm x 35mm

Colours

Natural/Black.
