Description

Built for the elements, this 10L dry bag is made from tough 500D PVC-coated tarpaulin to help keep your gear safe and dry. The roll-down closure forms a watertight seal, making it a go-to for camping, hiking and wet-weather adventures. Imprint is available on one side only due to the rear seam. A smart pick for anyone who doesn't mind a bit of rain, just not in their bag. Please note a standard digital transfer CMYK cannot be exactly PMS matched. To convert artwork colours from CMYK to PMS is TBA net per colour. For digital transfer printing, please ensure art and colours are at full opacity.
