Description

Symmetrical by design, the Slim Stylus Hex pen delivers geometric precision with a tech-savvy edge. Clean lines are interrupted by chrome accents and a partially forged hexagonal clip, mirroring the natural harmony found in hives, symbolising communication and collective success. This model includes a stylus tip for added flexibility between screen and paper. Fitted with a Cross-type 1mm German black ink refill and Tungsten carbide ball, it offers a smooth, skip-free writing experience. Each refill is standardised for a writing distance of around 1300 metres. Store ballpoint pens sideways or tip-down to retain ink moisture and prevent air exposure. Made from brass, stainless steel and ABS thermoplastic. Supplied in individual polybags unless a gift box is selected.
