Description

The Sabre Eco Wireless Power Bank is a 10,000mAh inductive charger that combines high functionality with eco-conscious materials. It features Qi-equivalent wireless charging, allowing you to power up compatible devices simply by placing them on the charging surface—no cables required. Crafted from 50% wheat fibre, this power bank is both renewable and biodegradable, making it a sustainable choice for everyday charging. It includes a built-in removable cable with a USB Type-A to combo plug (Type-C, Micro, and 8 Pin) for versatile wired connections when needed. The power bank itself can be recharged via USB Type-C or Micro USB for added convenience. Equipped with four graduated LED indicators, the Sabre Eco clearly displays its remaining charge level. It can be recharged up to 300 times and takes approximately 4–5 hours to reach full capacity. Each unit comes with a 12-month limited technology warranty, providing reliable performance and peace of mind. Material: 50% Wheat Fibre, 50% ABS
