Description

Sophisticated Weather Station that keeps you up to date on the weather conditions. It has four main functions, Temperature (Degrees), Humidity (%), and a clock with time of day in 12 or 24-hour format. Operates with two AAA batteries. Bamboo is a natural material and because the plant is fast growing, it places less demands on natural resources and produces a material that is durable and versatile. Bamboo can also produce unavoidable variances in the grain pattern, colour and branding.
