Description

A 75% ethyl alcohol gel in a clear 60mL bottle with a carabiner clip, so it rides on a keyring, backpack or lanyard rather than getting left behind. Clear bottle means the branding sits front and centre on the label. Variable-data printing means every label in a run can carry different text — individual names, store locations, staff details — without stopping the press. Useful for personalised staff kits or dealer networks where each recipient gets their own version. Good fit for healthcare, aged care, hospitality, schools, trades and event giveaways.
