Description

Plastic straws are not recyclable contain harmful BPA and massive amounts end up in our oceans. They contaminate water marine life human life and jeopardize our very food systems on catastrophic levels here is the innovational stainless steel reusable straw for you to make a healthy planet. This straw is made of 304 grade stainless steel in shape of straight or bent with BPA free eco-friendly and non-toxic. It is reusable and easy to carry the most durable and the least fragile the straw is dishwasher safe but immediate handwashing after use is recommended. It would be a great idea to add a brush and an 8oz calico pouch to make a perfect gift set.
