Description

A unique, elegant metal pen featuring a twist-action mechanism and a matte-finished barrel. Crafted from durable aluminum with steel components to add a satisfying weight, this pen offers both style and substance. Instead of a traditional clip, a specially designed water-drop-shaped upper barrel prevents the pen from rolling on your desk. Supplied with a metal Parker-type German-manufactured black ink refill, delivering up to 1,800 meters of writing, and a tungsten carbide ball for smooth, high-quality writing.
